In the matter of lot number ten in
the Edmonton Settlement, Alberta District, North
West Territories, Canada.

I Charles Stewart of Fort Edmonton in the
Alberta District in the North West Territories of the Dominion
of Canada, Merchant, solemnly declare and say.

1st - That I am the duly authorized agent of Samuel Pritchard
of the City of Winnipeg in the Province of Manitoba Clerk
in Holy Orders.

2nd - That the said Samuel Pritchard is the owner of lot
number ten and known as the "Pritchard claim" in the
Edmonton Settlement aforesaid according to the Deane
Survey made by one Michael Deane Esq. A.L.S. in the
month of July A.D. 1882.

3rd - That said Pritchard claims adjoining what is known
as the Sinclair claim on the East and being in number
ten according to said Survey.

4th - That while I was in the City of Winnipeg the above
mentioned Michael Deane arrived in Edmonton and
proceeded to make a Survey of the River lots in the
said Edmonton Settlement and did make the said
Survey which was in the month of July 1882.

5th - That the dividing line between the Pritchard
claim and the Sinclair claim aforesaid was run by
the former owners of the two said claims and distinctly
marked by them with iron posts and which posts
were in the ground when the said Survey was made by
said Deane and are still there, and the former owners
of said claims held according to said line so marked
and on said iron posts and the present owners thereof
bought and hold according to the same.

6- That upon my return from Winnipeg in the month of August 1882 I discovered in making the said survey had not observed the above mentioned old boundary line but had run another instead thereof starting at a point on the River twenty nine feet west of the said old boundary and retaining that distance from said old boundary line to the head of said claim.

7- That after ~~considerable delay~~ taking over the matter with the said Deane he promised me that he would take additional evidence in the matter, and endeavor to establish the true and old boundary between the said claims.

8- That after considerable delay my solicitors obtained an appointment from said Deane for the taking of evidence in the matter and on Saturday the 15th day of January A.D. 1883 according to the said appointment the said Deane took additional evidence therein at the office of Messrs Blecker and Humbly my solicitors.

9- That the said Deane was unable to take all the evidence in the matter on the 15th day of January and therefore adjourned to take the balance of evidence on the following Friday the 19th day of January and according to myself and a number of witnesses attended at the office of said Blecker and Humbly for the purpose of giving further evidence but said Deane did not attend to take said evidence and has not since done so and refuses to do so.

And I make this solemn declaration conscientiously believing the same to be true and by virtue of an act passed in the Thirtieth year of Her Majesty Queen Victoria an act for the suppression of perjury and of the judicial oaths.

Conf. directed to the

Dominion Lands Commission.

Winnipeg, 22nd Sept 1880.

Dear Mr. Burgess:

Re. Humberstone.

Have seen Hardisty in this matter and think a settlement can be arrived at in this way.

The Hudson Bay Company have the right to purchase 14 acres of the Sec 4th Twp. 24. 16 S. 20 W. at \$500 per acre. The trading Department have asked Hardisty if he required the land and he replied, no.

Hence the Land Department are not in a position to buy land at present, so that if you write Mr. Brydges, stating there is an application for the land and ask if the Company are going to

Wm. Burgess Esq

Deputy Minister of Interior.

Ottawa

(out)

to take it and give a fixed
sum for the \$7000 to be paid
the result will be that the Govt
can do with it as they see fit.

It being meant Hardisty
will accept this piece in lieu
of a portion of Lots 12 & 14.
Edmonton, Say the same area which may be
given Huronstone.

Hardisty being an
Hudson Bay Official does not like
to ask the Company to give
up their claim, but thinks if
the Government do they will
relinquish.

I think this is a very
favorable solution of the
difficulty.

Very truly yours,

Dear Mr. Burgess:

Beane has had a conversation recently with Hardisty in reference to the William Beane's claim to part of lots 12 & 14, Edmonton and the part of section 14. 21. 16th on near Calgary which it was decided to allow the H. B. Co. to purchase at \$500 per acre.

Hardisty thinks that if the Company were written to and asked whether they intended to purchase or relinquish this claim to his land, they would relinquish and in this event he, Hardisty, would be willing to accept the part

part of Sec 111. referred to and
give up all claim to portions of
Lots 12 & 111. leaving the Department
free to deal with Timberstone's
claim to a reasonable area of a
few acres.

Will you, please have Mr. Col. Bridges, Commissioner, N. B. Coy. written to on the subject and if he expresses on the part of the Co. the intention of not purchasing part Sec. 104. on the terms that have been offered, the Co. I think it would be advisable to make a free grant of the land to Harberty in satisfaction of his claim to the portion of Lots 12 & 14 (say 14 acres) to be granted ^{to} Harberty.

Yours truly,

but Mr. Deane did not give me a fair
hearing in the matter, having held a late
and secret meeting at which I was not present

afterward anxious to give me a hearing, but when
he found evidence going in my favor adjourned
the meeting and failed to meet again as appointed
by him. I was pained to learn that you were in
the state that looking into the workings of our movement

cases you would gain information from the wrong
party as the actual settler is generally a poor man

Whereas the above bound
Murdoe M. Siob & Alexander McDonald
have contracted and agreed to sell
and also to convey to the said
Alex. McDonald in fee simple an
even undivided One Third interest

In the following lands and heretofore named, the land bought by Murdoch M. Siod of H. Has. Guthrie on the 6th day of April 1882 for the sum of One Thousand dollars and described in the Quit Claims deed drawn by W. F. Wood of the A. R. Co. and dated 6th April 1882 as follows.

"Situated on the south side of the Saskatchewan River bounded on the North by the Saskatchewan River on the east by the land occupied by George Donald on the west by the land occupied by Marshal Brecken and extending south two miles"

And whereas the said Murdoch M. Siod and Alex. M. Siod have not yet obtained a title to the said lands however the same is vested in the Crown and M. M. Siod and A. M. Siod have by an agreement of even date herewith covenanted and agreed to do and perform all matters and things necessary to obtain the patent to the said lands to issue to them

or to either one of them, for and in consideration of the sum of Five hundred dollars now paid (the receipt whereof is hereby acknowledged) and the said Alex. McDonald hath bought the above lands from the said M. W. Lord and Alex. W. Lord on the terms and for the amt. above mentioned,

Now the Condition of the obligation is such that if the said Alex. W. Lord & Maurice W. Lord shall keep and perform the above agreement according to the true intent and meaning thereof and shall at the request of the said Alex. W. McDonald his heirs and assigns on or before the 1st of Jan'y 1884 or sooner if Patent from the Crown be obtained absolutely convey to the said Alex. McDonald his heirs or assigns or to such person or persons as the said Alex. McDonald shall direct or appoint, the said one third interest

mentioned conformably to the said agreement
when this obligation shall be null
and void otherwise to remain in
full force virtue and effect.

In the beginning of April I mentioned
to you certain interests in the
of Ottawa and suggested as to
time when patents could be issued.
I suggested that the field notes of the
of the Survey had not been received
I expected it was Ottawa by
mail. Would you be good
enough to inform me if they have
arrived

Yours truly

I would very much like to know when the
will likely issue to Messrs. McDonald, Robert-
son & Co., for the Lands, proofs of ~~xxxxxxxx~~ settle-
ment of which have already been filed in your Depart-
ment. When the writer was in Ottawa in April last the
notes of the surveyor had not arrived, but Capt.
[redacted] said that he expected them almost every
[redacted] mail. I have written you once since then as to whether they
arrived but have not had any reply. This is a
matter of some importance to me and my clients and I
am extremely obliged if you would let me know how
it stands at once.

Sir,

I have the honor by direction of
the Minister of the Interior to acknowledge
the receipt of your letter dated
the 12th July last. In view of the information
when patents are likely to issue
to your clients Messrs. McDonald,
Robertson & Co. for certain lands
situate in the Saskatchewan District,
evidence of the settlement of which
has already been filed in this
Department.

In reply I am directed to say
that altho' the "Municipal Belt settle-

can be taken towards the patenting
of the lands therein until a decision
of the Land Agency is established for the
District in which they are situated.

Agreement made this 9th day of September 1882
between Subaltern and Lieut J. H. McIlroe of the first
part, and Major E. A. Baynes of the second part.

The party of the first part agrees to allow the
party of the second part to erect a house or houses
on the Calgary Bottom, near a point on the Bow River
known as Shaganappi Point, and situated on
ground included in the Police Reserve.

The party of the second part agrees that being
allowed so to do, he lays no claim whatever to the
ground on which the house or houses are erected,
or to any land in the immediate neighbourhood;
and that, on a written notice given by any duly
authorized Government Official, to the party of the
second part, will give up peaceful possession of the
land on which the house is located, and, if required
so to do, will remove the building or buildings or give
up all claim to the logs &c. comprising the said
building or buildings.

Done under our hand and seal on the above
date at Fort Calgary in the North West Territories
of Canada.

is the intention of the Company to maintain and considerably enlarge the post which they have had there since the year 1870 and that it will be necessary for them to have a considerable quantity of land for the purpose of the post and also for cattle yards, which they will require to keep there.

I should of course like to reply for the whole of section 14, but have no desire to interfere in any way whatever with Baker-Navy, nor with the Mounted Police who are camped upon that portion of sec 14 which lies between sec 15 and the Yellow River.

I also beg to apply on behalf of the Company for permission to obtain a further quantity of land and should prefer to have it, if it can be arranged in sections 22+24 which are even numbered sections, and therefore under the control of the Government. I am quite aware that the Post at Calgary was not established at the time of the surrender, but it would be a matter of great convenience to the company, as they have established a post there, which is of advantage not only to the Mounted Police but to settlers, to have a certain quantity of land around that post. They are still entitled as you are aware, out of the 5,000 acres which they were to get at their posts in other parts, under the deed of surrender a balance of 1920 acres, and they are prepared to take this 1920 acres of the Government with allow them to do so at Calgary but if that will not meet the views of the Government, they will be prepared to buy it upon such reasonable terms as the Government may fix.

Under any circumstances I hope that the Government will permit this company to obtain possession of that least three sections of land at that place, and that looking to the fact that they were absolutely the first people

was put up by the Company outside its fence (and occupied by one of our servants) in the year 1876.

The company has two good trees, continuous in aggregate of about acres, which are fenced in and where vegetables have been grown for several years - they have also a cattle yard fenced in where cattle are kept - they have also ploughed up some land in the vicinity of the Post, and also upon the north side of the River - near the line of section 14.

If let you understand the whole matter it is right that I should tell you the history of what is called upon the sketch "Roselle's charity" - this charity was built in December 1876 more than a year after the company established the Post, by a friendly Indian named Ah-mine-bah-lie, who was employed about the Post - after building had been put up at that point until the year 1880, when a stable and some addition to the charity was erected, the Indian Indian did not occupy the building long and it was empty for some time. It was sold to a man named Emerson in 1877 and again remained empty for some time.

He then bought the charity two years ago from Emerson as I understand it, and has lived there ever since in 1881 Roselle fenced in about 3/4 of an acre and sowed some potatoes and vegetables, and this year, in the same enclosure he put in a few patches of oats and barley. He is now fencing in without any authority a portion of section 14, and intends, I am informed, to clear half of that section, under the circumstances which I have mentioned. The charity, which as I have explained was first put up by an Indian who was employed about the Post, is about 75 yards from the company's fence. I now desire to make on behalf of the Indians, by my application for an area of land, in connection with our operations at that point - I may say that it is

Sir

Referring to the interview which I had with you a few days ago in attendance, I now beg to address you upon the subject of the claim of this area for land at Selkirk.

I enclose you a rough sketch showing the position of the company's land, and of the surroundings - I do not wish it to be understood that this is a perfectly correct plan but for all practical purposes, it is near enough to enable you to arrive at a correct understanding of this matter.

The facts are as follows. The Hudson Bay Company established a post at the point shown on the enclosed tracing in the summer of the year 1875. Mr Sam Burns an employee of the company was then in charge but he is now dead, Mr August Fraser, is the present officer of the company in charge of the post, and he went there in June 1876 after Mr Burns' death.

The company were the first people who went to that place but almost simultaneously the Mounted Police established a station there, on the point west of the junction of the Selkirk with the Bow River, as shown on the enclosed tracing.

The shortly afterwards Messrs Baker & Co established a post at the point shown on the enclosed tracing, and both Hudson Bay & the Mounted Police & Baker & Co have been there continuously since the fall of the year 1875.

The Hudson Bay Co has now four buildings as shown on the plan, which were commenced in 1875 & finished in 1876 - These buildings are enclosed by a fence. In addition the company purchased some land, one of which is shown on the plan, from parties who erected them, and who were in the employment from time to time of the company at its post.

They have now therefore these buildings of various sizes, some of which were commenced in 1875 and all of which were completed before the end of 1876 - Another building was

- (1.) I built on what is now the 10th 10. 24, 1 west of the 5th Principal Meridian, in 1877.
- (2.) The Roman Catholic Mission was established two years previous to my settlement.
- (3.) Father C. Scollen was in charge of Mission at the time I took up my land.
- (4.) When I wished to make settlement on above-named Section, I was notified by Father Scollen that the River should be the dividing line. This I agreed to; and I never sold my interest or squatted right to my land North of the Elbow River, to any person whatever.
- (5.) I always recognized the River as the boundary between the Mission and my Claim so far as it flowed through our respective properties; and I sold the property above-named under this understanding.

R. C. Mission

Copy of Declaration given the Revd. S. L. D.

We Albert Lacombe O. M. I. and Hippolyte Le Duc
O. M. I. acting for and on behalf of "La Corporation
des R. R. Pères Oblats de Marie Immaculée des
Territoires du Nord Ouest." solemnly declare:

That that the R. R. Pères Oblats first entered into
occupation and began continuous residence upon the
West half Sec 10 Tp. 24 R. 1. in the Fall of 1875

That they have also built a small Church, a residence,
and stable, on the S.W.^{1/4} 10-24-1.

That they have cultivated on both quarter Sections to
the extent each season since that date, of several acres

That we are aware of no other claimant to the said
Half Section: the R. R. Pères Oblats having entered into
occupation of it before any other settler was to be seen
on the place.

We declare also that two years after our first
occupation on the West half of Sec. 10, a half-breed,
named Paul Fayant came and built a house on the
South Side of the Elbow River, on what is known since
the Survey a few days ago as being part of the N.W.^{1/4} of
Section 10.

No reclamation was made by the R. R. Pères Oblats,
because at that time it was impossible to know on what
what section or quarter Section Paul Fayant was locating.
But the said Paul Fayant was properly notified that he could not
claim and in fact he did never claim an inch of land on the North
Side of the Elbow River. His claim has always been considered by himself
on the South side of the River, on what is known now as being part of
the S.^{1/2} Sec. 10. 24. 1.

This above taken August 15th

the rear, also a small cow house & stable. (See copy of his affidavit marked C.) -

The American Office is a garden plot on the N.E. corner of lot 15. But there is also a building which was erected on the lot near John H. Dwyall as a Methodist Church. This was sold by the heirs 2 years since, either to the King then manager for A.G. Baker & Co. or to that firm. It is at present claimed by Major James Walker who bought from King. He also states he claims no more than a reasonable sized lot on which the building stands. He also has a cheap fruit stand & house adjacent to the church.

Unfortunately when I was at Calgary all the old incidents such as King late of A.G. Baker & Co. - Manager of the S.B.C. - and James Dwyall were all down at the Blackfoot crossing - the Indians on that reserve being said their community.

The claims of A.G. Baker & Co. to a portion of the S.B.C. is as I understand filed in your office but from report I gather the claim is to some extent through one James & I think the latter's claim will probably be found not very strong. Baker & Co. were contractors for building the police post and on account of the location of it established themselves in close proximity thereto. The same observations apply to the S.B.C. - see letter from and Commr's Privileges of the S.B.C., urging the claims of his Co. to this location & also a grant of considerable land in the vicinity marked D.

In reference to both claims of a reasonable amount of land covered by their buildings be granted, I think they will be dealt with liberally enough. These trading posts have been established because the Police were located there and it was a purely commercial enterprise on behalf of both Governments & not for philanthropic or religious purposes; not yet from a patriotic standpoint. A.G. Baker & Co. being wholly a U.S. firm.

As to the claim of Hissile it is just as the same
claim is found in the same place as the same and
seems in connection with improvement of the right to
the same & the same & the same B. P. & Co.

As to the same there are two sections here & there
which and to me it seems incredible that they do not
know the same thing as a whole section - I think there
is also another section in this section - But not the same thing
but it is much different it was not for some months
after he squatted thereon that he became aware of the fact.
He is a very intelligent person & was employed in the
same and I cannot imagine how he could have been
so ignorant.

Here together with that & the other &
the same are of such recent date that the Dept
can accord such terms as is deemed expedient in
granting title to any portion of the land claimed -

As to the same there is a but low ship erected
by the Bohane Ranch Co. which has been ^{erected} for the purpose
of the mounted police, subject to removal when requested.

In the same section the same Baynes has erected
a low fence (see agreement H) which will show
the nature of his claim - It is stated that something
has been attempted by him on a large scale - He also
has another claim in Sec. 1 in this T. and I am told
he proposes claims to parcel in various parts of the
section.

It is possible that similar claim to the same &
it is of may be a valid one.

The matters in Sec. 18 and all there in the
North side of the river have taken up their claims
within a very short time & their improvements are small.
These claims are largely if not wholly, speculation.

I have the honor to be
Your obedient
servant

I have the honor through you to direct the attention of the Minister to the location of Squatter claims in the neighborhood of Fort Calgary. The accompanying map shows with fair accuracy the location of the former section & the improvements in that neighborhood the location of the C.P.R. etc. In addition to what are shown on this sketch, there are a large number of claims & the C.P.R. on sections 15 & 16; and a large number of timbered shanties being erected on the S.E. of Sec. 16 East of the River. The timbering station is on Sec. 16 and many parties would erect buildings there, except that up to this time they have been prevented from doing so by the limited Police.

So far as I could ascertain the only claims which can be reported by reason of residence & occupation prior to 4th May 1880, are H.C. Lussier, Paul Stewart, both on S.E. Sec. 16; John Lussier on S.E. 15; John Baker 16; J.B. 16; & Louis Rivelle all on the S.E. 14.

It is possible that the claim of Stewart on S.E. Sec. 16 may be a valid one, on this point I failed to see either Mr. Stewart or the H.C. Lussier (but one) Stewart who are said to have purchased a claim claim the consideration being \$1000. As near as I could ascertain I think it is doubtful if Stewart can establish any legal claim to this section. I am informed Stewart is Indian agent at Fort Nelson & I would infer that in very great length of time elapsed between the termination of his engagement on the Police force & engagement with the Indian Department.

At the time of the war there are two elements, one the
Russian - the other kind of element -
The former through force of arms were about commencing the
reconstruction of the nation, the latter kind of element
the time the Russian force were selected the site, but
at the request of the Russian commanding that force, I created
the time. The Russian claims the site of the Section (and
I have recently informed me that the Russian had approached
intended they were entitled to it & had received assurances
that a half section might be given, ^{suggested through a 1/2 might be given} though it might not be
a half section - the further states they are in the building
for church near the N.E. angle of the Section, the Section
see appendix marked A. accompanying this)

That element, like all the other half breed
elements, Russian & Kibole, no doubt came to this
front as a result of the Police force being there. Their
occupation being interpreted as the force in trading
business, freighted to very little cultivation ever being
attempted. ^{marked N.B.} I want state in his appendix that he
remembers his claim to the N.E. of the land is the further
which he had decided. but claims the E. of the same
Section - I think it is doubtful whether such persons
come within the meaning of the Act, having reference to
settlement on Canada from to Russia. The land in the
land but not for the purpose of agricultural purposes -
he came here for the sake of obtaining a livelihood through
other means than out of the soil. little or no cultivation
has been attempted and had the ground been broken, or
otherwise been improved in cultivation or otherwise, there is
no doubt the same parties would have settled there.

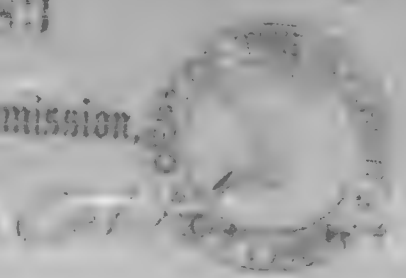

In the N.E. Sec. 5 - the state claims, I claim
it has been in it 4 1/2 years - been farming operations
for years ago when he broke 2 acres - in 1883 broke
6 acres, making 8 acres in all - broken and in crop

it should be done quickly.

Even if a surveyor were sent up to make a topographical sketch of Sect 16, and he were to announce that it was the intention of the Govt to lay out Sec. 16, the effect would be obtained.

If it had not been for the action of the Mounted Police preventing the erection of buildings on Sec. 16 the town would have been there now.

Sir,

I have the honor to enclose herewith
 copy of an affidavit taken by me to day from
 Baptiste Annance in the S. E. 1/4 Sec. 15 T. 24 R. 11 W. of 5th P. M.
 and copy of an abandonment of the same by him.
 He was brought here by C. P. Ry Land Commissioner
 McFarish in the interests of his Co. The C. P. Ry.
 appear to be determined to have Sec. 15 entirely, and
 it would appear from Annance's affidavit that he
 has no grounds on which to base his claim.

I presume the C. P. Ry will conclude
 that Annance having forfeited his claim it
 must fall to their Company. If such
 should be the decision I would beg to suggest
 that the Government should give out that it is
 their intention to lay out into a town plot all
 or at least the E. 1/2 Sec. 16 adjacent that lies
 south of the Bar River.

The Hon. the Minister of the Interior

if such were done and the survey commenced and made
conform with that of the C.P.Ry. The section would
be as valuable for town site purposes as Sect 15.

It is fact better adapted and would be taken up as
readily and a larger amount realized therefrom.

Thus taking the town wholly from Sec. 14 which at
last is not nearly so well situated, besides it is divided up
in conflicting claims. M. P. Post. J. G. Baker. J. B. C.
and Rounelle.

To obtain this end I would require the C.P. Ry Co
to submit a plan of survey that they propose lay
out Sec. 15 and send a Surveyor at once up and put off
in blocks Sec. 15 to conform therewith.

If that could not be obtained I would suggest
that a reliable L.L.S. be sent up on the ground and start
survey so soon as the C.P. Ry Co. start there and project their
tracks across Sec. 6 and lay out a few lots along the R.R. side.

If such were done the entire town site would
go on Sec. 15 and 16.

Access from the North crosses the Bow River
about the line between Sec^s 15 & 16 that from Westcomes
in and from the South could easily be brought in
across the plain South of line between Sec^s 15 & 16.

I have thought it advisable to submit
this to you without delay as if anything is done

Quebec, 21st April, 1851.

Sir,

After looking over original notes, I find that the improvements shown on my plans and field notes as belonging to Napoleon Mayette and Augustus Carney are such as found on the spot, and besides correspond to the declarations.

Allow me to point out that at the time of my survey several of these settlers were making improvements on their respective lots, and it may be that further improvements were made after my survey.

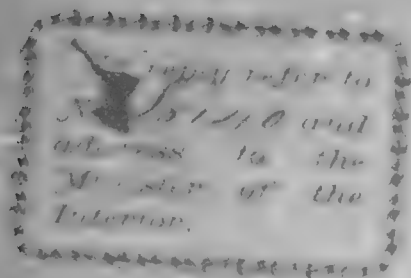

As I already pointed out to the Department most of these settlers were not on their lots at the time of my survey, and I had to take their declarations either before or after my operations, this obliged me in several cases to depend entirely on the declarations made for designating the owner of improvements found.

I have the honour to be,

Sir,

Department of the Interior,

Hawa, April 11th, 1884

Sir,

I have carefully read over all the papers on file in this Department respecting claims made by virtue of occupation to lands within the reserved township at Calgary, and I have the honour to submit for your consideration and decision the following report thereon:

1. - There seems to be no doubt that whatever settlement had taken place in the neighbourhood of Calgary up to the period when it was known that the Canadian Pacific Railway would cross the

Rocky Mountains by the valley of the
Bow River, was induced by the
presence of the Mounted Police Post,
established in the year 1875, situated
at the point where the Elbow River
empties into the Bow.

The Police Post being the
foundation of the settlement, it is
but right that whatever area of
land around the buildings may
be thought necessary by the Com-
ptroller of the Force, should be reserved
out of that part of the north west
quarter of Section 14, Township 24, in
range 1 west of the Tenth Principal
Meridian, which lies south of the
Bow River and west of the Elbow.

Upon examination of
the plan of the township, I find
that all the buildings of the

Mounted Police are north of the line dividing the north west quarter of the section from the south west quarter, with the exception of the Hospital, which is some distance south of the line.

I think it probable that the Comptroller would be satisfied to be allotted all that portion of the quarter section north of the division line mentioned, west of the Yellow River and south of the Bow, and I recommend accordingly.

2. — Messrs J. G. Baker & Company erected the Mounted Police Post, and simultaneously established themselves south of the Post and west of the Yellow, upon what proves on survey to be

part

part of the south-west quarter of
 section 14, and from that point
 they have conducted a very
 extensive business from 1875 down
 to the present time.

As early as the 27th of
 March, 1882, Messrs Baker & Company
 applied to the Department at
 headquarters for 1300 acres of
 land around their buildings,
 and at various times since then
 have renewed their application.

To grant Messrs Baker
 & Company 1300 acres would, in
 my opinion, be out of the
 question, but I think they are
 fairly entitled to have the first
 opportunity of purchasing so
 much of the south-west quarter
 of section 14 lying west of the

above

Elbow River and South of the Canadian Pacific Railway line as is covered by their buildings and improvements. Indeed, I think there might be sold to them, at \$50⁰⁰ per acre, that particular tract of land which may be described as follows, that is to say bounded on the North by the right of way of the Canadian Pacific Railway, on the West by the western boundary of Section 11, and on the South and East by the Elbow River.

Messrs Baker & Company are not, and, indeed, have never claimed to be, agricultural settlers, and may therefore be reasonably expected to pay a fair price for the land. On the other hand, they have

65

have, in the pursuit of their
business, been very useful to the
Government of Canada, and their
relations with the Indians have
always been honourable and
satisfactory. Although, therefore,
the parcel of land heretofore
described immediately adjoins the
town site of Calgary, and may
be expected in due time to form
part of the town, I submit
for your favourable consideration
that ~~seven~~^{50⁰⁰} per acre would, under
all the circumstances, be a
reasonable rate to charge for the
land, and I recommend ac-
cordingly.

I further recommend,
in view of the extensive business
carried on by Messrs. Satter &
Company

Company, and of the fact that they necessarily require a large area of land for grazing, farming and storage purposes, that they also be permitted to purchase, within a radius of four miles of their buildings and outside the reserved sections mentioned in the Order in Council of the 23rd of January last, an unoccupied, even-numbered section, to be selected by them and confirmed by you, the price of which shall be \$2.50 per acre.

The total area thus proposed to be disposed of to Messrs Baker & Company would be 666 $\frac{1}{2}$ acres.

X 3 - As to the portion of the south-west quarter of Section 44.

J. H. H.

lying North of the Canadian Pacific Railway and West of Bow River, it might be as well to make no immediate disposition of it, but to offer it for sale by public Competition, or at all events such portion of it as may not be covered by the Police Hospital or required in connection with and for the purposes of the Hospital.

11 - About the same time as the Mounted Police Post was Established at Calgary it would appear that the Hudson's Bay Company also Established a trading post on the opposite side of the Elbow River upon what, on Survey, proves to be

7
a part of the south-west quarter
of section 14 and a small strip
of the north-west quarter of the
same section.

In a letter dated December
21st October, 1882, Mr. Hyndes, the
Company's Commissioner, laid
claim to a considerable tract of
land around the Post, and
submitted that the Company
were willing to accept the sum
allotted balance of the 50,000
acres around their Post to which
they are entitled under the Act
of Surrender, at Calgary, if
the Government were willing
to give it. Since then a new
proposition has been made by
Mr. Hyndes in regard to the
unallotted balance, which propo-
sition

proposition is now under your consideration, and which I submit, is a more reasonable one than the former. The Company's Post at Fort Calgary is comparatively a small one, and of an area of $14\frac{1}{2}$ acres bounded on the North by the South bank of Bow River; on the West by the East bank of Elbow River, on the South by a line distant 8 chains South of the northern limit of the ^{West} Southern quarter of said Section 14 and being parallel thereto; and on the East of the division line between the East and West halves of said Section 14 were sold to the Company at the rate of \$50 per acre.

with

22

with the privilege of acquiring
the half of an even-numbered
Section, to be selected by the
Company and approved by
you, within a radius of four
miles of the Post and outside
the reserved Sections mentioned
in the Order in Council of the
23rd of January last, I think
their claims would be fairly
dealt with, and I recommend
accordingly. The total area of
land thus proposed to be sold
to the Company would be 3,34½
acres. The parcel around the
post, although of comparatively
limited area, is very valu-
able, having upon it the
crossing of the

Elbow

Elbow River leading direct to the town of Calgary.

5. - That C. C. Denny, through his attorney, William Stewart, has laid claim to a part of Section 14 and also to a part of Section 13, in Township 24, Range 1 West of the Fifth Principal Meridian.

The basis of this claim is that Denny, who had been in the Mounted Police, and resigned in the year 1881, settled down in the neighbourhood of the Mounted Police Post, for purpose of raising cattle and supplies.

A claim is set up that Denny was in possession of this land a sufficient length

of time to entitle him to a
 Homestead patent. This claim
 was based upon an affidavit
 of Mr James F. Macleod, made at Ottawa
 in January, 1883. There is no
 way in which any man can be in
 possession of unsurveyed and un-
 disposed of land, except by being re-
 sident upon it in his own proper
 person. If absent temporarily, but
 his ~~homestead~~ and occupation being
 still upon and connected with the
 land the bona-fide character of
 his occupation could not be said to
 be interfered with, but as Jerry had
 accepted an appointment ^{under the Indian Department} which
 necessitated his being and living at
 Fort McLeod, and as he was, at the
 time that Mr Macleod made the affida-
 vit referred to, actually resident at Fort
 McLeod, it is impossible that he could
 have been, at that date in continuous
possession

possession of land at Calgary.

In the 20th of January 1880, and in response to a letter of Mr. John Stewart, I was authorized by you, in my capacity as Secretary of the Department of the Interior, to inform Mr. Stewart that when the lands in question became open for settlement, Mr. Stewart's course would be to appear before the Local Agent within three months of the receipt of the official plan of survey by the Local Agent, and produce the evidence required by subsection 5 of section 34 of the Dominion Lands Act, 1879. I further referred Mr. Stewart to the subsection mentioned, in order to show him that when the land came

into

into the market, Mr. Denny's claim to his homestead would be respected, and he would be entitled to receive title and obtain patent for the 160 acres covering his most valuable improvements, but I warned him that the case could only be dealt with in the regular manner when the official survey had been made on the ground by a Surveyor commissioned by the Government for the purpose, and the plan of the said survey had received the approval and signature of the Surveyor General. This letter was of course written upon the representations made in Mr. Denny's affidavit and

the letters of Mr John Stewart and an ignorance of the fact, which has since come to my knowledge, that Mr. Denny was ^{then} ~~a~~ ^{was} Indian Agent at Fort Keokuk. The evidence on file in this Department all clearly points to the fact that from the time he severed his connection with the Mounted Police, to the time when he accepted the Indian Agency at Fort Keokuk, Mr. Denny was a resident upon his land in good faith, and that he had during that period complied in all material respects with the requirements of the Homestead Laws not as regards residence and cultivation; so that if he had continued to reside upon and

11
and cultivate his land until
the completion of the Survey and
the establishment of the Agency.
He would have been entitled to
a free homestead entry for the quar-
ter section including his most
valuable improvements.

He did not so continue to
reside upon and cultivate his
land and therefore his claim
to a free homestead is null and
void.

It would appear from the
correspondence that, assuming
as they had no right to assume,
that Perry had a good title to
at least a quarter section of the
land upon which he had re-
sided, that John Stewart pur-
chased his supposed rights
for.

for \$10,000⁰⁰ and upon the faith of this purchase Stewart would appear to have gone to work and laid out a portion of the land in town lots, and to have incurred considerable expenditure, and liability on that account. How far this action on his part should be regarded as strengthening his claim I am very doubtful, but under all the circumstances, and as he is in actual possession at the present time, I think he would at least have the prior claim to acquire the land at an upset price.

It is less eligibly situated, and on the whole less valuable than the portion proposed to be
allotted

19
allotted to the Hudson's Bay
Company, lying as it does im-
mediately East of that portion
and consisting of so much
of the South East quarter of
Section 14 as lies South of the
Bow River. and containing
104 acres. This I submit for
your consideration, might be
sold to Mr Stewart at \$20 7.
per acre.

Mr Stewart also laid claim
to the South West quarter of
Section 13, by virtue of Derry's
occupation and improvement.

This quarter section, or the
greater proportion of it, Derry
seems to have fenced in
and used as a cattle
ranch, but as his homestead

Claim

claim was upon section 14,
and as the prior right to purchase
what he claimed as a homestead
has been accorded to his assignee,
I think ~~these~~ assignees should be
left to deal with the Canadian
Pacific Railway Company for the
portion of section 13 which ^{he} ~~they~~
claims, and I recommend the
same to your favourable consi-
deration.

6. Paul Faillon claims
that part of the North West Quarter
of Section Ten lying East and
South of the Elbow River, con-
taining, according to the official
plan, forty eight acres. It
appears from the papers that
Faillon proposed, at one time,
to settle on the opposite side of
the River near the Mission
property.

properly, which was objected to by the Mexicans in charge, and that, after advising with them, he settled where his house and improvements now are, the understanding being that the River should be the dividing line between them.

I think if Tailon appears before the Agent and makes the necessary affidavit, he should be allowed to acquire that part of the North West Quarter of Section Ten East and South of the Elbow River as a free homestead.

J. Raphael Anouse, Senior, lays claim to the North East Quarter of Section Ten; and it would appear from the papers that he has a house situated on that portion

portion of the quarter section
South of the Elk River, and
that he made his improvements
jointly with Paul Gillion.

It also appears that
Augustus Carver lays claim to
the same quarter section; and
I should judge from the affi-
davit he made before the
Surveyor, that he also claims
certain improvements. Carver
admits having been warned
off by the Police, who informed
him that he could have no
claim.

The evidence before the
Department at present is not
sufficient to show whether the
claim of Quance is one that
ought to be recognized; nor
are the facts in regard to
Carver's

Arney's accusation sufficiently established to justify any conclusion as to whether he should be considered in any way. The case is therefore one to be investigated by the Land Board, but, in any event, I submit that only that portion of the Quarter Section lying South and East of the Elk River, and containing some fifty acres, is affected by either claim.

E. T. H. Rivers lays claim to the South East Quarter of Section Two. His affidavit shows that he settled there in August 1882. He admits that one McKay was there before him; but says McKay is an agent's agent. Both claims originated subsequent to the date of the reservation, and they must necessarily be made the subject

subject of investigation and decision by the Land Board.

9. The investigations of Mr Pearce show several claims marked 'Baynes'. Baynes is a professional squatter, and would appear to have no claim.

10. ~~It would appear that~~ the claims of Sharples & Colvill to Section 11 could not, under the circumstances, be considered, if, as Mr Pearce thinks, is the case, they knew they were squatting on a School Section.

11. A. W. McVittie lays claim to the South East Quarter of Section 16; but having been put off by the Police at the time he attempted to settle he has no right whatever.

12. There is also a claim by Armour and others to a part

part of 24 which is said to be claimed by McVillo and others. This must be made the subject of investigation.

13. Thos. Bowling, as the assignee of Baptiste Anouze, Jr., claims the South East Quarter of Section 18. Whatever claim Anouze may have had to this land, he relinquished to the Canadian Pacific Railway Company; and, upon such relinquishment, a patent for the land issued in the Company's favour.

14. Claim of A.W. McVillo and others to the South West Quarter of Section 14. In this case the original settler was a Half-breed named Louis Roselle, attached to the Hudson's Bay Post. From
Mc

the evidence it would appear that, in 1876, one Antoine Ladin erected, and occupied, with his family, a house on the East bank of the Elbow River, and upon what, on survey, appears to be the South West quarter of Section 14.

In the Spring of 1877 this Ladin sold his house to George Emerson, who in 1880 sold to Rosette. Rosette, in his evidence, admits that, in the year previous to the settlement of Ladin, the Hudson's Bay Company and Messrs Baker & Co. erected their posts on the same quarter section, Messrs Baker & Co. being on that portion West of the Elbow River. Rosette asks permission to purchase either the whole Quarter

Quarter Section or the portion
 covered by his improvements,
 but admits the right, ^{of which}
 the Hudson's Bay Coy; asks ^{that} they
 be protected;— and applies
 that, in lieu of what is
 granted to them, he may
 be permitted to acquire
 enough of the adjoining
 Quarter Section to make
 up 160 acres. It is further
 shown that Ravelle gave
 to Rev. Mr. Little, A.B.S., a bond
 to convey the land. Most Quarter
 of 164 when title was granted
 him by the Government. The
 consideration money for
 the land to be \$10,000, upon
 which \$1000 was paid at the
 time the bargain was made.
 On the 2nd July, 1883, and
 subsequent to the date of
 his

his bond in favour of McVittie Roselle, professed to sell to George Munday three acres, not defined, for \$300⁰⁰ and received \$20⁰⁰ on account. It will be observed that Roselle does not claim any portion of this land as a homestead, and, indeed, I do not think that he would be either legally or equitably entitled to obtain it in that way; but Roselle was unquestionably a settler in the ordinary acceptation of the word, or, at all events, there is no hint of deduction that would properly be drawn discriminating against men of Roselle's class. It would, I think, be dealing equitably with him to sell him that portion of the land that

West Quarter of Section 14
which lies East of the Yellow
River, and South of the
portion recommended to be
allotted to the Hudson's Bay
Co., at an upset price. He
did not go there for the pur-
pose of locating on a town
site; and, if there be any
advantage attaching to
his location now, he is
entitled to it. The
evidence shows that he
bound himself to sell,
and that McVittie acquired
from him, in good faith,
the right to purchase whatever
land the Government might
allow to him on the
strength of his claim. It
is equally clear that he
subsequently accepted \$20

\$50 from Murdoch on account of an undefined three acres within his claim.

I recommend that that portion of the South West quarter of Section 14 lying East of the Elbow River, and South of the $14\frac{1}{2}$ acres proposed to be sold to the Hudson's Bay Co. (containing about 103 acres) be sold to Louis Roselle, or his assignee, at \$25.77 per acre, subject to the condition that George Murdoch be permitted to acquire a lot of reasonable size in connection with the house which he appears to have erected; and that this lot be conveyed to him at the rate of \$25.77 per acre.

Attached hereto, will

be

be found the official
 plan of Township 24,
 Range 1 West of the 5th P.M.,
 and a Schedule showing
 in effect the facts disclosed
 under the Statutory Declarations
 made by the several settlers
 before D. L. S. Lane when he
 subdivided the Township.
 These claims can all be
 dealt with by the Land
 Agent, except those men-
 tioned in this report, upon
 some principle to be decided
 upon by the Land Board;
 and I suggest that that
 principle be the same as the
 one adopted in regard to
 the squatters on the Regina
 town site.

I have the honor to be,
 Respectfully yours,
 Wm. Briggs
 Deputy Minister of the
 Interior

A dark, textured surface, possibly a book cover or endpaper, showing vertical lines and a mottled pattern. The texture is grainy and uneven, with varying shades of grey and black. There are some faint, vertical lines running across the surface, suggesting a binding or a specific material like cloth or leather. The overall appearance is aged and worn.

Sir,

I have the honor to inform you that I think advisable to reserve for the present blocks 31, 32 and 48 in the Subdivision of Sec 16 - 24 - 140th Town Plot of Calgary, pending the decision by the Govt as to the location of any public buildings in Calgary, and have so marked the maps in the file of the Calgary Agent.

The Office for the Registry is being erected on lots 18 and 19 in Block 50. Block 49 is not so favorably situated as the blocks selected so far as the ground is concerned, at the same time it is not unfavorable.

Blocks 27 and 28 are merely indicated.

The town of Calgary is all or nearly all built on the South side of the Ry. the centre is about opposite the Passenger Station which is I think about the centre of a mile West of the Centre of Sec 15. The tendency of the town at present is to grow West and of public buildings, Court House, Office, Crown Land Registry, etc. etc. are built on Sec 16 in a few

Calgary 8th Aug 1882

Sir

In conformity with instruction contained in His office letter 8972 on 43503, I last night in company with Messrs Peterson, Lough and Jarrett, School trustees of Calgary inspected Section 16-24-1175th with a view of selection of school sites, and the blocks decided upon were nos 18 and 84

Each of these blocks contain 2.01 ac and will give ample room for school accommodation for many years to come.

I would recommend that blocks be not handed to the school authorities until they are prepared to build thereon. It might be deemed advisable that one or a portion of each be utilized for high school, collegiate or college purpose.

I have this day instructed the agent of Dominion Lands not to dispose of lots in these blocks unless specially instructed in the matter.

MEMORANDUM.

The undersigned has the honour to report to Council that it is represented to him that a School District under the provisions of the Ordinances of the North West Territories has been erected at Calgary, in the District of Alberta, and that a request has been made on behalf of the School Trustees, that the Government place at their disposal, for school grounds, a portion of Sec. 18, Tp. 24, Range 1, West of the Fifth ~~Meridian~~ Meridian, which section forms part of the town site of Calgary.

Mr. Superintendent Pearce, to whom the matter was referred, reports that he and certain of the School Trustees inspected the section with a view to selecting school sites; that the blocks they decided upon are *according to the survey of the same, then made* those numbered 13 and 34, each containing 3.21 acres; and that they are sufficiently large to afford ample school accommodation for many years to come.

The undersigned, in consideration of what is stated in Mr. Pearce's report, and being desirous of giving encouragement to the Trustees in their endeavours to establish and promote the means of education by providing suitable school grounds at that place, recommends that

The undersigned has the honor to report to Council that the Canadian Pacific Railway Company proposes laying out Section 15, in Township 24, Range 1, West of the Fifth Meridian, situated near Fort Calgary, as a Town site, and have applied for the issue of a Patent therefor in their favor.

An inspection was made of the Reserved Townships in that vicinity during the early part of the month of November last by Mr. William Pearce, a member of the Land Board, who reported that the only claim to the section in question adverse to that of the

Memorandum, for W. Dwyer
On R.C. File 13503 N^o 2

So far as the tenders for town
lots in Calgary as per Schedule
N^o 10410 ^{or must now be} on this file, no action
has been taken. After the tender
had been received it was deci-
ded not to accept the same
and many if not all of these
lots have been sold in the or-
dinary way at the upset price
fixed by the Minister.

In reference to the letter 13505
from Mr. Inspector Gordon,
with its enclosures I have
read the evidence very carefully
and I fail to see that Mr. Witte
has made out any case at
all and therefore recommend
that whenever this land is
allotted to the allottee will
be required to pay into the
hands of the Agent for the
benefit of Mr. Witte the cash
value of his improvements
at date entry is effected.

I presume that it is in-
tended that Mr. Witt shall
have

have an entry for the 3rd of Dec.
No. 24 - 1 West of 5th Street
I know nothing to the contrary

Respectfully Submitted

Ottawa, 24th February 1886.

Memorandum

On H.O. File 43503 No 2.

So far as the tenders for town lots in Calgary as per Schedule No. 104167 on this file, no action has been or need now be taken. After the tender had been received it was decided not to accept the same and many of these lots have been sold in the ordinary way at the upset price fixed by the Minister.

In reference to the letter 26075 from Mr. Inspector
Gordon

Gordon with its enclosures.
I have read the evidence
very carefully and I
wish to see that Mr. Eittie
has made out any case
at all and therefore re-
commend that whoever
this land is allotted to,
the allottee will be required
to pay unto the hands of
the Agent for the benefit
of Mr. Eittie the cash
value of his improvements
at date entry is effected.

By allottee I mean whoever may obtain entry.
I presume that it is
intended that Mr. Rott
shall have an entry for the
1/2 of Section 20-24 - West of 5th
meridian I know nothing
to the contrary.

Respectfully submitted,

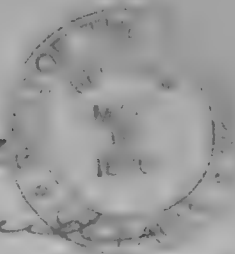

Wm. Leaven

For Mr. Douglas

Board / 1885

The first is letter 110770 in your instructions both to the Agent and the Commissioner of the 11th instant, the land affected should read W² Sec. 10 T⁴ R. 1. W⁵ N. 38. 25. That explains the Commissioners letter of the 23rd ultimo, in which he says the lands have been homesteaded by one J. W. Hayes. It would be well to have this corrected.

On the next is 422, 110254, Ack. nowledge. Scallens letter and tell him that the matter has been referred to the Land Board and the Land Commissioner of the C. P. R. To settle that this is a point regarding

his

his rights to his $\frac{1}{4}$ section is purely a legal one and if the C.P.R. insist on being treated from that stand point there is no alternative, but they have been urged in this case to act with as much liberality as ^{possible} their case. You may add that the Minister has taken a very deep interest in his case and regrets that he is unable to afford him any more assistance than is here indicated.

109193 This will require two answers, you will see there are three sheets having this memorandum. On first acknowledge the resolutions as to parties being allowed to reside

3.
reside within two miles of their
homestead in Tp. 24, R. 1, W. 5th and
state that this matter has
received the Minister's con-
sideration, that proposed
amendment to the Dominion
Lands Act will shortly be laid
before the House, and if the
opinion of Parliament is such
that what they ask for should
be extended, there is no doubt
it will be done, but at present
the Minister feels that he can-
not accede to their request pend-
ing such expression of opinion.
In the meantime if these parties
are to prevent their homestead
from being rendered liable
to cancellation it will be to
their advantage that they
comply

comply with the residence clause
 of the Dominion Lands Act:
 that is the personal residence
 of their respective Homesteads.
 Again with reference to the
 having ^{reference} connection with Augustus
 Carney's case, acknowledge it
 and state that in August last
 when Mr Pearce was in Calgary
 by request of the President of
 the Board of Trade he was
 present at a meeting ^{of that Board} in which
 this Carney matter was dis-
 cussed, that on an explanation
 of the matter given by him to
 the Board of Trade, a resolution
 was passed thanking Mr Pearce
 for his courtesy in the matter,
 and they considered that the
 Carney had been dealt with

at

5
at least fairly, that since then
there has been no change in
the conditions awarded Carey
which have entailed greater
hardship upon him. Carey's
case has received the most
serious consideration from the
Minister and he does not see any
ground for interfering with a
decision already arrived at.

109546. In answer to that
send about the following letter
to the Agent at Calgary, and
also enclose copy of the same
to the Commissioner for his
information. Sir. I have the
honor to acknowledge the receipt
of your letter of the 26th February
No 1359, having reference to a
claim

6.
claim preferred by one Louis
Lihiondelle to a portion of the
N.E. 1/4 of Sec. 16, Tp. 24, 1105th, and in
reply to state, first the Minister
thinks it advisable that all
such communications should
be first sent to the Commissioner
a vast majority of these can be
settled by him without reference
here thereby relieving the work
of this Department, the Com.
missioner will be the judge
as to the ones necessary to be
referred for the opinion or ruling
of the Minister. In the second
place you might state that
Lihiondelle settled on the N.E. 1/4
this section several years ago.
Several years ago is very indefinite.
It is particularly desirable that
all

all Agents in furnishing information of cases of this nature in fact of any kind shall be as precise and concise as possible and you have been furnished with blank forms on which evidence of this nature should be furnished, further the following evidence in regard to these claims was furnished by your Agency on 27th February 1890, and if you have no record of the same you should have. In all such cases a duplicate of the evidence taken should be retained in the office of the Agent. In that evidence he states he first made improvements in February 1882, commenced residence in a tent in 1883 that

all

all the improvements he has, is a house worth \$150⁰⁰, he says between February '82 and May '83, he was living off and on, on the place, presumably in a tent, his occupation was rafting timber down the Bow River. Mr. Libonelle does not state that he was not aware that he was settling on reserved lands in fact he must have been aware of it from the size of his house one lot should be sufficient, the majority is on the street and probably the municipality of Calgary may allow it to remain there until it requires rebuilding, but that he may have something definite on which to erect any further buildings he may wish, you may inform him that the Minister has decided

that

that a free gift of lot 3 may be made him or will sell him lot 3 and 4 together at one half the upset price, if he accept the latter proposition he will be required to pay \$1500 cash, you may give him 60 days to elect which he will choose, failing to comply with either all claim of Libiondelle to lapse.

April, 86

Sir,

I am directed to acknowledge the receipt of your letter of the 4th ultimo, enclosing a resolution passed at a meeting of the Calgary Board of Trade, with a view to having the two mile residence clause of the Land Act, extended to homesteaders in T^{ps} 20, R. 1 West of the 5th Initial Meridian.

In reply I am directed to say that the extension of the privilege to such homesteaders has already been under consideration and that Parliament will shortly be asked for the necessary legislation in the matter, which no doubt will be granted, but that in the meantime it would be as well for settlers in the locality in question, to comply with the Regulations respecting residence at present in force, so that their lands

Dear Sir:-

Block 12 and 84 in Section 16 Township 24, Range 1 West
are according to a plan of part of the City of Calgary filed in the
Land Titles Office for the South Alberta Land Registration District
as Plan A I Calgary are reserved for the Public School. At
least they are so marked upon the plan of the City of Calgary made by
Messrs. Johnson & Wheeler, B. L. S. The Calgary Public School
Board has been lobbying for a school site on said Section 16 for
the purpose of erecting a Ward School there and has instructed
me to write you and ascertain if you will grant the Board a title
to the land above referred to. Will you kindly advise
me in this matter?

Yours respectfully,

James Short

Ottawa, 29th August, 1902.

Memorandum.

Mr. James Short writes under date the 14th instant, stating that he has been instructed by the Calgary Public School Board to ascertain if the Department will grant the Board a title in fee Blocks 18 and 84 in Section 16, Township 24, Range 1, West of the 5th M., as they desire to erect a Ward School on this section.

The Blocks mentioned are reserved by Order-in-Council of the 5th September, 1885, (marked) for school purposes. In this Order-in-Council the Minister is authorized to convey these Blocks to the Calgary School Trustees in trust for local purposes, "upon a report from some officer of his Department, to be named by him, that the land comprised in the said Blocks, or in such one or other of them as may be named in the report, is built upon and is required for local school purposes."

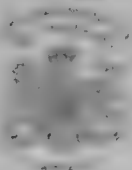

In this connection, please see Mr. Pearce's letter of the 8th August, 1885, (marked), in which he recommends that the Blocks in question be not handed to the school authorities until they are prepared to build thereon.

43503 No. 2

Received September 8th, 1908.

Sir,

I am directed to say that Mr. James Short, the Secretary of the Calgary Public School Board, has made application to the Department for a grant of Blocks 18 and 84 in 18--24--1 W. 5th N., for a school site. Please report on this application and particularly as to whether two blocks are necessary. These blocks are reserved by Order in Council of the 5th September, 1905, for school purposes. It would be well for you to endeavour to ascertain at the same time what the intentions of the Board are with regard to the erection of a building in the event of the grant being made.

Your obedient servant,

Certified Copy of a Report of a Committee of
the Honorable the Privy Council, approved
by His Excellency the Governor General in
Council, on the 5th September, 1885.

On a Memorandum dated 1st September, 1885, from the Minister of the Interior, submitting that a School District, under the provisions of the Ordinances of the North-West Territories, has been erected at Calgary, in the District of Alberta, and that a request has been made, on behalf of the School Trustees, that the Government place at their disposal, for School grounds, a portion of Section 16, Township 24, Range 1 West of the 5th Meridian, which section forms part of the town site of Calgary.

The Minister observes that Mr. Superintendent Pearce, to whom the matter was referred, reports that he and certain of the School Trustees inspected the Section with a view to selecting School sites; that the blocks they decided upon are those numbered 18 and 84, according to the plan of survey of the said town site made by A. W. McVittie D. L. S., and of record in his Department, each containing 3.21 acres, and that they are sufficiently large to afford ample School accommodation for many years to come.

The Minister, in consideration of what is stated in the above cited report and being desirous of giving encouragement to the Trustees in their endeavours to establish and promote the means of education by providing suitable School grounds at that place, recommends that the Blocks 18 and 84 above named be reserved for Calgary School purposes, and that he be authorized to convey the same to the Calgary School Trustees in trust for local School purposes, upon a report from some officer of his Department, to be named by him, that the land comprised in the said blocks or in such one or other of them as may be named in the report is built upon and is required for local School purposes.

The Committee submit the same for Your Excellency's approval accordingly.

JOHN J. McGHEE,

Clk., Privy Council.

The Minister of the Interior.

Memorandum:-

Mr. W.L. Waines asks in his letter of the 18th ultimo on behalf of the Board of Trustees of the Calgary Public School what steps should be taken in order to obtain title to Blocks 18 and 84 in section 16-21-1, west 6th meridian, which section forms part of the townsite of Calgary. In this connection I beg to refer you to my Memorandum of the 29th August, 1902, addressed to Mr. Terriff, on which the latter endorsed- "Get report from Mr. Sutherland. Are two blocks necessary for the school?"

Mr. Sutherland was written to accordingly, and in reply he stated that Mr. James Short had advised him that the School Board had made arrangements by which they would not require Blocks 18 and 84 for school sites at present, but that they would require one or both of these blocks at a later time, and requested that in the meantime no disposition would be made of these blocks.

The Agent was afterwards informed that it was not proposed to dispose of these blocks, which had been reserved by Order-in-Council for school purposes. A printed copy is attached hereto of the Order-in-Council of the 14th December, 1898, reserving the said blocks for school purposes. It will be observed that under this Order in Council that the Minister was "authorized to

Sir,

With reference to your letter of the 16th of January last, in which you ask on behalf of the Board of Trustees of the Calgary Public School what steps should be taken in order to obtain title to blocks 1st and 14 in section 18, township 14, range 1 West Fifth Meridian, I am directed to inform you that it is ^{Set for M} stated in the Order in Council of the 8th December, 1886, reserving the said blocks for school purposes. ^{that} The Minister of the Interior is authorized to convey the same to the Calgary School Trustees, in trust for local school purposes, upon a report from some officer of his Department that the land comprised in the said blocks is built upon and is required for the purposes mentioned.

You, therefore, are requested you to be good enough to advise the Department whether the conditions specified in the Order in Council above mentioned have been complied with.
